Dear Mr Martinez Ruiz Del Arbol,

The Secretariat of the International Atomic Energy Agency (IAEA) is pleased to inform you that you have been designated by your Government as a participant in the **Technical Meeting on Non-destructive Testing Using Muon Radiography: Present Status and Emerging Applications** (hereinafter referred to as "event") to be held at the IAEA's Headquarters in Vienna, Austria, from **9 to 12 September 2019**.

The purpose of the event is to assess the current status and potential applications of muon radiography, and to elaborate an action plan to develop and facilitate its utilization.

The event will be held in English.

The event will commence at 09:30 on Monday, 9 September 2019, in Room C0343, Building C, of the Vienna International Centre (VIC). You are requested to arrive at Checkpoint 1/Gate 1 of the VIC one hour before the start of the event on the first day, in order to allow sufficient time for your grounds pass to be issued, as such passes are necessary for official visitors to the VIC.

We understand that all expenses incurred in connection with your participation in the event will be paid by your authorities.

It should be noted that compensation is not payable by the IAEA for any damage to or loss of personal property.

The IAEA also does not provide health insurance coverage for participants in IAEA events. Arrangements for private insurance coverage on an individual basis should therefore be made. The IAEA will, however, provide insurance coverage for accidents and illnesses that clearly result from any work performed for the IAEA. I would be grateful to receive a reply at your earliest convenience as to whether you are in a position to accept this invitation.

Yours sincerely,

François Foulon

Scientific Secretary

Division of Physical and Chemical Sciences

Department of Nuclear Sciences and Applications
